Ahmed Samir

has successfully completed the online, non-credit Specialization

Data Analysis and Presentation Skills: the PwC Approach

In this specialization you learned the role of data in today's business environment. By focusing on the practical uses of data analytics, you learned how better understanding and stronger application of data can enhance problem-solving and decision-making. You used Excel to understand, filter and use data to inform decision-making. You learned how to use a variety of tools to help you in the process. Finally, using data to support a point of view, you created a business presentation to effectively relate the view to others.
